Good Morning Christine,

My colleague [Nonresponsive based on revised scope] handles the RAS case assignments and should be able to help out. Thanks!

Hi Kevin

Do you have an estimate of when we will receive assignments for PCBs and VOCs? This is for a residential sample and the resident has been calling me daily. if possible, I would like to provide her an estimated date, rather than "I don't know"

Any help you can provide me is greatly appreciated

Thanks  
Chris

**Client's Notification**

**Please send DAS R35746 the (2) Drinking Water samples for Metals analysis to our Region 3 Laboratory located here at the Environmental Science Center and please notify the Region 3 Laboratory each day samples are shipped. Address below:**

USEPA Region III  
Environmental Science Center  
701 Mapes Road  
Fort Meade, Maryland 20755-5350

The information required is the case number DAS R35746, the number of samples, and the FedEx Tracking Number. This can be done by phone or email.

**In regards to RAS 48734, a separate notification will be sent to the samplers from SMO with the CLP RAS Laboratory assignment for the VOC's and PCB Aroclors. If you have any questions regarding the RAS, please contact Nonresponsive based on revised scope Please follow the directions for the notification of the sample shipment for the RAS-CLP case.**

If you have any questions, please let us know. Thanks and have a great day !
